"Success Starts Here"

October 29, 2018

Dear Parents/Guardians,

I am asking for your support in changing Upper Greenwood Lake's culture regarding food items as birthday treats. We have many students that have severe/life threatening allergies to varied ingredients. Allergic students can experience a reaction if they touch, inhale, or ingest even the tiniest trace of residue of the allergen. In order to allow these students to participate in celebrating a fellow student's birthday, we are requiring all families follow the guideline outlined below:

If you would like to send in a treat for your child's class, please be sure to notify your child's teacher 3 days prior to the date. The approved treats are:

- *Special book, pencil, stickers, and/or bookmarks (or as approved by your child's teacher)*
- *GoGo Squeez Applesauce*
- *SkinnyPop Popcorn – Original Flavor*
- *Lays Potato Chips - Classic (single serve bags)*

These will be the only food items accepted for birthday treats; original packaging only.

If you have any questions, please do not hesitate to contact me at your earliest convenience.

Respectfully yours,

Gregory Matlosz
